### BREATHE EASY

*Dust, pet hair and even scented candles can have a negative effect on the air quality in your home. Enter Italian brand Falmecc, which has teamed up with Venetian designer Marco Zito to create an elegant solution to the 'airpocalypse'. Made from Murano glass, the 'Bellaria' is an air purifier in the guise of a table lamp. Rather than simply filter the air, it rebalances the number of negatively-charged ions to counteract polluted particles. £849, Euroline (euroline.co.uk).*

### UNLOCK THE FUTURE

The Nuki 'Smart Lock' is the easy way to upgrade your front door. It fits over your existing lock and can be opened manually, with a fob or via the app – but not by unwelcome guests, thanks to its 'bulletproof encryption'. £299 (nuki.io).

### EYE SPY

Dressed in black and brushed copper, the Yves Béhar-designed Hive 'View' is the most stylish home security camera yet. It can livestream HD video to your phone and features 'person detection', which differentiates between an intruder and roaming pets. £189 (hivehome.com).

### NATURAL MELODIES

*The limited-edition 'Harmonies' collection by Scandi brand Bang & Olufsen sees five of its wireless speakers wrapped in greens inspired by the Nordic forests. From £529 (bang-olufsen.com).*

### UPGRADE MOVIE NIGHT

State-of-the-art 4K home cinema projectors can be expensive to install, but LG's portable model requires nothing more than a plug socket and a bowl of popcorn. The 'HUSOKA' also features built-in stereo speakers, a carry handle and retractable cord. Available this summer (lg.com).
