

NUKI KEYPAD

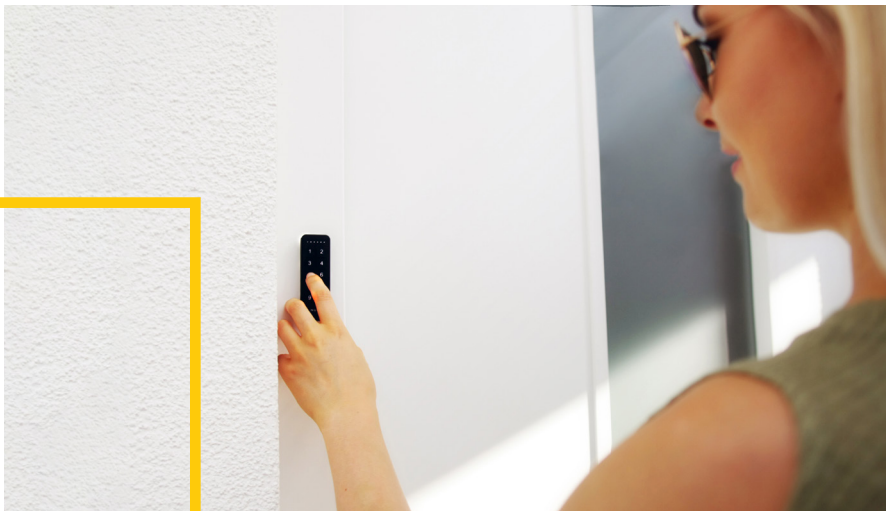

DATA SHEET

SIMPLY FOR EVERYONE

The Nuki Keypad is the perfect extension for the Nuki Smart Lock and allows access via a 6-digit entry code. Finally, costly duplication of keys and tedious key handovers are a thing of the past. The retrofittable Nuki Keypad is battery-operated and is simply glued to the outside of the front door or screwed to the house wall.

BENEFITS:

- 6-digit entry codes for maximum security
- Easy to retrofit and compatible with all Nuki Smart Locks
- Up to 100 individual entry codes, so that you can check the log at any time to see who opened the door and when
- Locks the door at the push of a button when you leave
- Easy to use with maximum access security
- Smart backup in case the smartphone battery runs out unexpectedly
- Takes holiday rentals to a new level

79 €

RRP

TECHNICAL SPECIFICATIONS
