

NUKI FOB

DATA SHEET

AT YOUR FINGERTIP

The handy Nuki Fob is the perfect complement to the Nuki Combo, conveniently opening the door at the touch of a button. This lets children or seniors without a smartphone use the Nuki Smart Lock and enjoy the comfort of a key-less life. The Nuki Fob is also ideal for athletes who like to go out into nature without a smartphone, or to give to service providers such as cleaning staff or pet sitters.

BENEFITS

- Handy Bluetooth remote to control the Nuki Smart Lock at the touch of a button
- Shock and water resistant
- Manage permissions in the Nuki app
- Can easily be deactivated remotely if it gets lost and re-activated if required
- Fits in even the smallest bag
- Ideal to give to acquaintances or service providers
- Compatible with any Nuki Smart Lock and usable without Bridge
